

DEMON®

A New Era in Nitrogen Removal

Connecting the Pieces

Value

60% Less Energy Consumption
90% Less Sludge Production
Zero Chemical Addition
Low Carbon Footprint

Technology

Comprehensive and integrated solutions for side and full-stream TN removal applications suitable for existing and new installations.

Innovation

Maintaining our commitment to research, innovative development, evidence-based design and sustainability.

Experience

Over 20 operational systems utilizing Patent Pending technology developed based upon extensive Academic, Lab, Field Pilot, and Full-Scale experience.

Service

Continuing our history of delivering unparalleled service and support.
